

Advanced MP Technology

Full Service **Global Distributor** of Electronic Components

advancedmp.com

 ISO 9001 Certified

Advanced MP Technology Inc. is the leading full service global distributor of electronic components and as an integral part of the supply chain, we specialize in inventory management for OEM and EMS customers globally. With more than 30 years of experience in electronic component distribution, and with sales and logistics capabilities in the Americas, Asia and Europe, Advanced MP Technology is your choice of full service distributors. Some of our notable services include:

Shortage and Production Quantity Sourcing

Proprietary Oracle based part tracking system, allowing our sourcing teams to quickly identify product availability globally.

On-hand inventory available at our stocking locations in the U.S., China and Hungary.

Access to products on consignment and exclusive product availabilities through our preferred suppliers.

Cost Savings and +PPV

Continuous BOM analysis by our product teams and proprietary software to locate and offer lower cost components as it becomes available on the open market.

Real time access to any product available on the open market, allowing us to seize the best prices and make proactive cost savings offers.

Excess Alleviation

Package bid or line item offers for your unwanted materials.

The ability to act as your expert inventory consultant – reviewing materials and making inventory management recommendations.

Inventory Management

Well equipped warehouses in the U.S., China and Hungary, to receive your product under managed inventory agreement.

Inventory profiling, cataloging and classifying by experienced staff.

The resources in place to simplify inventory distribution of large volumes of product across multiple OEM/EMS locations globally.

Advanced MP Technology Inc. has the resources and staff in place to be your true supply chain partner. We are ISO 9001 certified and take pride in our efficiency and ability to help our customers become more successful.
